Graduating Students Survey - Undergraduates

In May 2014, the Institutional Research office surveyed 301 graduating students. Of the 301 students surveyed, we received 247 responses for an 82% response rate.

The following tabs summarize the information collected in the survey:

Undergraduate Attitudes: The survey contained seven statements the students ranked on a five-point scale.

Primary Activity and Career Plans: Students were asked to select their primary goal following graduation. Options included: working full or part-time, going to graduate school, volunteering, and joining the military.

Employment: Students who selected full or part-time employment as their goal were asked to list the name of their employer and their starting annual base salary.

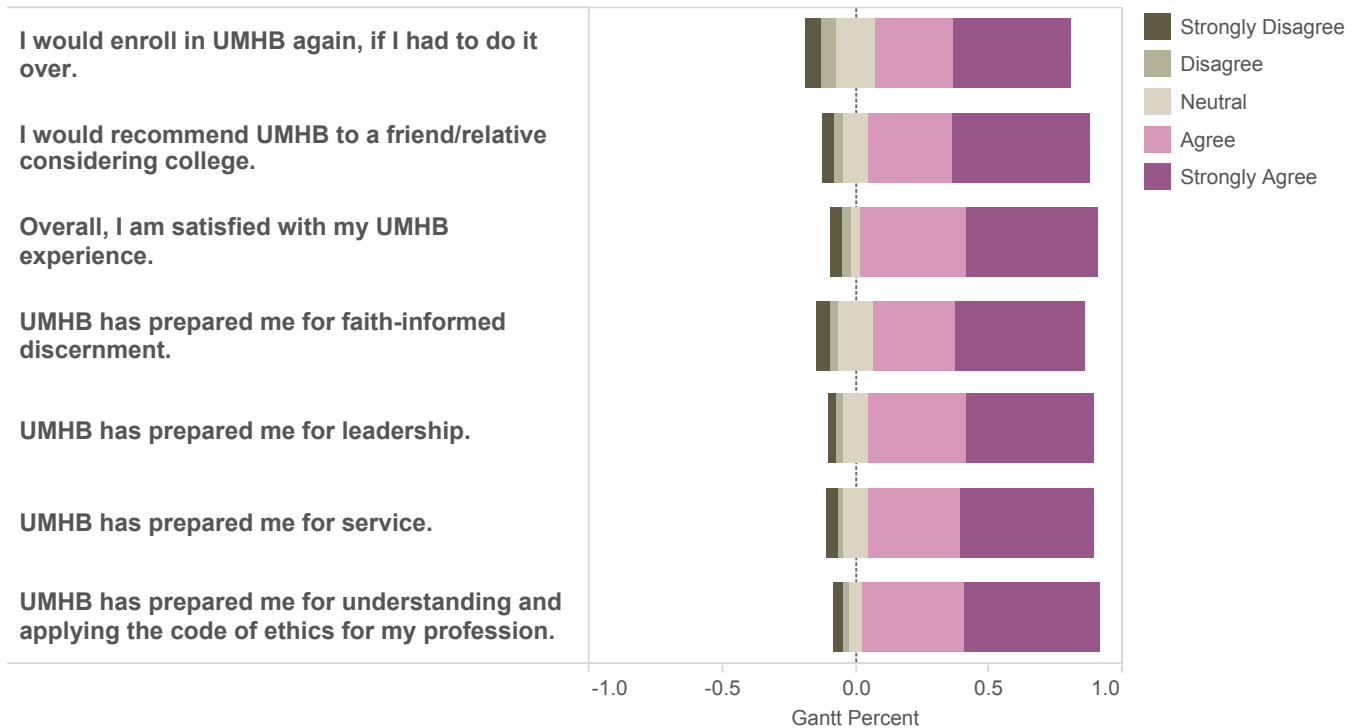

Career Services: Students were asked which of a list of available career services they made use of while at UMHB.
