Purpose of This Manual

UMHB informs students of its rules, policies, and guidelines through this manual, the student handbook, website, and other sources. This handbook serves as a supplement to other University rules, policies and guidelines found in those and other documents.

This manual is available online from any computer with access to the university's website. It is the responsibility of the students and advisors who participate in Student Organizations to obtain, read, and comply with the purpose, policies, and procedures of this manual and of UMHB.

UMHB reserves the right at any time to create additional policies, or modify existing ones, as needs may dictate.

In the entirety of this handbook, the terms "university" or "UMHB" shall mean the University of Mary Hardin-Baylor.

Student Organizations

UMHB has approximately sixty-five chartered student organizations, including religious and cultural organizations, academic and honor societies, leadership and service clubs, and sport and spirit clubs.

All organizations seeking recognition must be approved by the Student Government Association, Vice President of Student Life, and the President of Mary Hardin-Baylor. It is the policy of the University not to grant official recognition to any organization which promotes goals or purposes inconsistent with the goals and purposes of the University.

Faculty and staff serve as advisors and represent UMHB in all planned activities involving the organization or their members.

The staff of Student Organizations provides support and other needed services to student organizations, their leaders, advisors, and members.

STATEMENT OF NON-DISCRIMINATION

The University of Mary Hardin-Baylor (UMHB) admits qualified students of any race, color, sex, national, or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not unlawfully discriminate on the basis of race, color, sex, religion, age, nationality, and ethnic origin in the administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs. Furthermore, UMHB does not unlawfully discriminate on the basis of handicap in the recruitment and admission of students and the operation of any of its programs and activities, as specified by federal laws and regulations.

UMHB is authorized under federal law to enroll non-immigrant alien students. The university is a private institution and reserves the right to deny admission to an applicant for any lawful reason.

The University is required not to discriminate unlawfully on the basis of sex by Title IX of the Education Amendments Act of 1972 and its implementing regulations at 34 C.F.R. Part 106. This requirement extends to admission, except that the University may discriminate on the basis of sex in undergraduate admissions and is exempt from provisions of Title IX which conflict with the University's religious tenets.

The University has grievance procedures to provide students, employees, or applicants an opportunity to file a complaint of illegal discrimination of any kind. In order to file a grievance, contact the appropriate person below or see the grievance procedures published online.

A student or applicant with a question about the university's non-discrimination policies or who claims to have experienced unlawful discrimination in connection with any university program or activity should contact the designated coordinator for university compliance with nondiscrimination policies: Susan Owens, Vice President for Human Resources, Title IX Coordinator and non-discrimination compliance officer, Sanderford Administrative Complex, 900 College Street, Belton, Texas 76513, 254-295-4527, susan.owens@umhb.edu.

Classifications of Organizations

A student organization is defined as any group, which has limited membership that is selected exclusively from the student body of the university.

Organizations are divided into two classifications: Campus Affiliates and Chartered.

Campus Affiliate

Campus Affiliates are groups which are UMHB department sponsored and function as an extension of a UMHB office. These organizations do not receive funding from Student Government Association (SGA), except under special cases determined by Student Organization Office.

Chartered

Chartered organizations are those that meet the “community” needs of the students. These organizations have a variety of activities planned for the semester and receive funding from SGA.

Types of Organizations

Organizations fall into seven basic categories, which are listed below:

- Academic Organizations
- Honor Societies
- Religious Organizations
- Athletic, Sport, and Spirit Clubs
- Special Interest
- Leadership
- Community Service Organizations

*All organizations must register with the Asst. Director of Student Organizations as outlined in the manual. See Steps for Chartering an Organization on page 6 for more details. No secret society is permitted at the University of Mary Hardin-Baylor.

Advantages of University Recognition

- Scheduling events on the University calendar
- Reserving and using various rooms and facilities on campus for meetings
- Being listed in various University publications
- Using “University of Mary Hardin-Baylor” as part of the organization’s identity
- Participating in the Organization Fair
- Using University vehicles for organizational purposes
- Once material is approved, freedom to use bulletin boards for advertising
- Option of requesting funding through the Student Government Association
- Option of nominating an organization representative for Miss Mary Hardin-Baylor Pageant and Crusader Knights

Resources Available to Student Organizations

SO News

SO News is a weekly email newsletter sent to all student organization leaders and advisors. This is a great way to learn about events and announcements for UMHB, as well as a way to get your organization’s announcements to the rest of the student body. Submit announcements to Katy Hartt (khartt@umhb.edu) by Thursday of each week to ensure it will be in the update for the following week.

Training and Consultation Sessions

Advisors and officers are required to attend Organization training every year. In addition, an organization can request for Katy

to do a consultation with your organization to address any problems you may be having or to help brainstorm new ideas for your organization.

Risk Management Training

In accordance with Texas state law and Senate Bill number 1138, all University of Mary Hardin-Baylor student organizations must attend a Risk Management program offered at the beginning of each school year by the Office of Student Organizations in conjunction with the Organization training. An organization must send 3 officers every year and an Advisor must attend once every 3 years.

Organizations that are very low risk, who meet less than twice a year for induction purposes, are exempt from needing to attend Risk Management.

Student Organizations Conference Room and Work Room

The Student Organizations Office has two spaces that are available for all active organizations to reserve. If you would like to reserve after hours, you can request card access to our Student Organization suite by sending the names and student I.D. numbers to Katy Hartt (khartt@umhb.edu).

Materials and Equipment

The Student Organizations Office has a number of items that can be checked out. The person checking out the item is fully responsible for getting it back in the conditions it was checked out in and by the date specified on the checkout form. A fine will be imposed if failure to do so.

Steps for Chartering an Organization

- Schedule a meeting with Student Organizations to discuss the proposed student organization, the requirements for chartering, and obtain the correct forms. Office located on the 2nd floor in the Bawcom Student Union.
- Secure an advisor for your student organization. The advisor must be a full-time faculty or staff member at the University of Mary Hardin-Baylor.
- Submit an Application for Charter. Please note that all forms must be signed by your advisor. If a form is not signed by your advisor, it will be returned.
- Obtain signatures of at least 10 people interested in your student organization. 3 of the members should be willing to serve as officers; the other 7 will be general members. Please try to have students from various classifications in order to promote the longevity of the organization. Please do so with the Organization Interest Card.
- Email an electronic copy in a word document of your constitution to khartt@umhb.edu. (PDF's will not be accepted as a final copy and will be returned).
- The above information must be submitted to Katy Hartt. You may mail the form via campus mail to UMHB Box #8006, email the form to khartt@umhb.edu, or drop it by the Student Organization Office located on the 2nd floor of the Bawcom Student Union. Student Organizations will review the information received from the organization to assure that all of the necessary paper work has been received.
- Once the Student Organizations Office receives the required forms, it will be forwarded to the Student Government Association Executive Cabinet. SGA Executive Cabinet will then schedule a time for your proposed organization to be considered and voted on. SGA Executive Cabinet will examine the constitution and possibly make recommendations for changes to the constitution.
- Shortly after the SGA Executive Cabinet approval, the proposal will be forwarded to the Vice President for Student Life and then the President of the University.
- The final stage of approval will be to present in front of the whole SGA Senate. If there is a majority vote, the organization will officially be chartered by the University.

Constitutions

All organizations must maintain an accurate and up-to-date constitution with the Student Organizations Office. If an organization is being renewed, you must submit an updated constitution at the time of your registration. Please make sure any changes to your constitution are also submitted to the Student Organizations Office. A constitution defines the purpose, leadership, and method of operation for your organization.

Tips for Writing a Constitution

- Write in broad statements so that you do not limit decisions or working time frames.
- Write with the future in mind. Do not use proper names since this may change in the future, rather give titles and general locations.

Elements of a Constitution

The following items should be included in the body of a constitution:

- Name of organization
- Statement of purpose and goals of the organization
- Membership requirements
- List of officer positions and their duties
- Meeting schedule
- Finances information (e.g. assessment and collection of dues)
- Process of adding amendments to the constitution

Maintaining a University Charter

Once an organization is chartered, in order to maintain the University charter, an organization must do the following each year:

- Submit an *End of the Year Report* at the end of each academic year to the Student Organization Office
- Submit a current roster of officers and members with the Student Organizations Office each semester and update this information throughout the academic year whenever membership changes, grows, or when officers change.
- Complete all necessary risk management requirements.
 - *3 officers must attend every year and advisor attends every 3 years*
 - Risk Management presentation must be shared with your whole organization
 - Turn in documentation of what information was presented to organization
 - Turn in sign-in sheet of who attended the organization presentation of Risk Management
- Attend 2 organization fairs: Preview Fair and Spring Organization Fair
- Have at least one advisor signify in writing a willingness to advise the organization and attend its meetings and events. *This advisor must be a full-time UMHB faculty or staff member.
- Seek approval from your advisor for all events, including scheduled meetings
- Abide by all University policies governing student organizations including, but not limited to:
 - Student Conduct (see UMHB Student Handbook)
 - Hazing
 - Travel
 - Guest Speaker
 - Media Relations
 - Fund Solicitation
 - Event Registration and Scheduling
 - Risk Management

If a recognized organization fails to do any of the above requirements, or if the organization decides to become ‘inactive’ for a period of one academic year or less, the organization can petition the Student Organizations Office to be reinstated as an active organization. The organization will be reinstated as ‘active’ if the organization meets the criteria of a University chartered organization.

If a chartered organization remains inactive for more than one academic year, the organization must then re-apply for recognition. Any organization, which is inactive for two consecutive years ceases to be a chartered organization and will no longer be recognized unless re-chartered through the application and approval process.

Maintaining University Recognition

Campus Affiliate

For Campus Affiliate groups to receive the same benefits as a university-chartered organization as well as the privilege of having a representative in Miss Mary Hardin-Baylor Pageant and Crusader Knights, they must attend the state mandated Risk Management as well as attend two organization fairs each year and submit an *End of the Year Report* to the Student Organization Office at the end of each academic year.

Honor Societies

For Honor Societies who meet less than twice a year for induction, to receive the same benefits as a university- chartered organization, they must update the Student Organization Office by end of the academic year of any changes.

Status Appeals

Organizations who would like to challenge their inactive status can do so by submitting an appeal to the Student Organization Office. There is no guarantee their status will change. The decision will be made by Student Organizations.

Organization Probation

The Student Organizations Office along with the Dean of Students, will investigate any activity of a chartered organization which appears to be in violation of the organization’s constitution or whose general conduct is not in accord with the Christian nature of the University, the SGA Constitution, or the policies of the administration of the university.

Probation Consequences

Should an organization be found in violation of the constitution and/or whose general conduct is not in accord with the Christian nature of the University, the following privileges will automatically be forfeited:

- Requested funding will not be granted
- New members will not be allowed
- No participation in campus activities (Miss Mary Hardin-Baylor and Crusader Knights).

Violation to any of the above will while on probation will result in loss of charter.

Organizational Membership

Eligibility for Membership in Organizations

In order to qualify for active membership in any organization, a student must be in good academic standing with the University maintaining a GPA above a 2.0. Any student who is on disciplinary probation from the University shall not be eligible to be a member of any organization, to hold an office, or to represent the University in any activity.

Maintaining Active Membership

Membership requirements are defined by the individual organization constitution. Failure to maintain organization requirements may result in removal from the organization. The advisor and organization officers will determine if there is a need for removal.

End of Year Report

All Recognized Organizations, Campus Affiliates, and Honor Societies must submit an *End of Year Report* to the Student Organization Office at the end of each academic year. Included in the report are the following items:

- Updated Organization Information
- Leader Renewal Information
- Updated Constitution and Member Roster

For organizations wanting to request funds from SGA need to complete Standards of Excellence which will be part two of the *End of the Year Report*

- Leadership
- Faith-informed Discernment
- Philanthropy
- Service

Standards of Excellence

Only Chartered organizations that are requesting funds from SGA need to complete Standards of Excellence. Failure to turn in the Standards of Excellence each academic year will result in probation from receiving funds for one semester.

The Standards of Excellence were implemented to place value on receiving funds from the University. In addition, our hope is to engage students more into the offerings of our University, as well as what other organizations are doing on our campus. The four Standards are further explained below

Leadership

Each organization is required to attend a leadership event to build your leadership skills. Your organization can attend these events as a whole club or you can simply include the number of members at each of the following events and the impact the event had on them. You are encouraged to attend more than one event, but it is not a requirement. Examples include Summit Conference, CASL, McLane Lecture, Retreat, Conference, Student Orgs Workshop, a partnership with another organization, etc.

Faith-informed Discernment

UMHB is a Christian university that is committed to preparing students through a Christ-centered learning community. As an organization, you must attend one event based around Christian faith. The majority of the club should be present. Examples

include: Missions Emphasis Week, Revival, The Gathering (the BSM event), ONE, Set up a spiritual growth activity as a club, etc.

Philanthropy

Each organization is required to host one philanthropy event per year. This event should raise awareness for a cause or give back to the community in some capacity. Examples of this include: Awareness events, drives, service outreach projects, etc.

Service

Each organization is required to participate in a service project that helps students serve the community. The majority of the club should be present. This can be organized by the individual organization or you can choose to participate in the Big Event service day that is hosted by UMHB.

Student Organization Policies

Hazing Policy

See the [Student Handbook](#) for Hazing Policy.

Social Media Policy

See the [Student Handbook](#) for Social Media Policy.

Guest Speaker Policy

All guest speakers from outside the university, anyone other than full-time UMHB faculty, staff or administrators, must be approved through the Student Organization Office. Send an email request to sw_studentorgs@umhb.edu for approval two weeks prior to the event.

Event Approval

All events that include the following must be approved by the Student Organization Office. The approval form can be found on your organization's MyCampus under "forms" or at forms.umhb.edu:

- Bringing community on campus
- Working with minors
- Bringing animals on campus
- Campus-wide events
- Multiple venues for one event
- All fundraisers
- Awareness events

Failure to approve the above events may result in organization probation.

Awareness Drive Policy

All drives must be approved by the Student Organization Office before advertising and implementing the event. Forms are found on the Student Organization website: umhb.edu/studentorgs. The length of the drive should not extend past two weeks. The Student Organization Office holds the right to shut the event down, if the organization does not abide by this policy.

All *drop-off* locations must be approved by each building manager of the desired location prior to advertising for the event.

Community Partnerships Policy

UMHB organizations can partner with approved outside partnerships including National Honor Societies, community organizations, service organizations, etc. When partnering with an outside organization, the UMHB advisor must approve of all events and meetings that are sponsored by UMHB, and go through the events approval process. All communication from the community partnership must include the organization advisor. Partnerships that do not follow this policy will be contacted by the Student Organization Office and may result in a discontinuation of partnership.

Vendors on Campus Policy

All Vendors that are coming on to UMHB's campus are required to send the Copy of Insurance to the Business Office (jwebb@umhb.edu) prior to coming.

All contracts must be sent through the business office for approval and for any signatures. An organization may not sign contracts.

On-going Employed Vendors

If an organization is wanting to employ someone from the community, they will need to submit their information to the Student Organization Office for approval. All contracts must be reviewed and signed by the university Business Office.

Travel Policy

The purpose of this policy is to establish procedures for personally owned vehicles utilized by University of Mary Hardin-Baylor student organization members and advisors for organization travel.

Fund Solicitation Policy

The support UMHB receives from businesses and individuals in the local communities is an integral part of the overall university fundraising activities. The Advancement Office is charged with the task of soliciting scholarships and major gifts from this important group of donors.

To ensure the relationship with our community friends is maintained at the highest level, each faculty, staff and student should follow the procedure below before soliciting any business or individual.

When the need arises to request funding outside of the normal university budget for student projects, please develop a written list of businesses/individuals you would like to approach for support. (This includes solicitation of personal friends and/or business contacts for cash, gifts-in-kind, gift certificates, sponsorships, and advertising.) Submit the list to the Advancement Office in person, via fax at (254) 295-4281 or email to tglaske@umhb.edu. The Advancement Office will review the list for solicitation and respond back to you.

Fundraising Guidelines

Fundraising and soliciting donations on or off campus must be approved by the Vice President of Student Life and the Advancement Office. A Student Organization Fundraising Approval Form can be obtained from the Student Organizations website. The form must be submitted at least two weeks prior to the proposed fundraising event. A copy of the approved or denied form will be sent back to the primary contact person once the fundraising project has been reviewed.

Potential donors must not be contacted before fundraising approval is granted. Space must be reserved for every on-campus fundraiser through the Facility Reservation form through the Event Services office. The following guidelines must be followed for all student organization fundraising:

- Any donations, goods, money, or services must be reported to the Student Organizations Office.
- Funds raised should be for the organization, not for individual students.
- To raise funds on behalf of the university, students should carry a letter from UMHB giving the student permission to solicit. This letter can be signed by the organization's advisor or the Vice President of Student Life.
- Fundraising should not be self-serving. (The BSM can sponsor a variety of individual mission trips, but an individual will not be permitted to raise support for their own benefit)
- Raffles and gambling are not permitted.
- If the fundraiser is a sale (bake sale, t-shirt sale, etc.), only one may be conducted per organization per month. There is no limit on the number of service fundraisers (car wash, babysitting, etc.) allowed.

The student organization is responsible for sending thank-you notes or letters to each donor once funds are received.

For fundraising events held in the Bawcom Student Union:

- No fundraising set-ups will be allowed during special events (Preview Weekend, Sader Days, or Easter Pageant)
- Table reservations are scheduled by the organization's advisor through EMS, on a first-come-first-serve basis.

There will be no more than four table set-ups in the Bawcom Student Union on any given day.

Media Relations

Advisor Roles and Responsibilities

University Expectations of an Advisor

The advisor must form a very unique relationship with both the student leaders with who he or she is in contact and the general membership of the organization to which he or she ultimately holds responsibility.

In order for an organization to be recognized by UMHB, it must have at least one advisor. The advisor must be employed full time by UMHB in order to be qualified. The following statements are expectations which the university has for all advisors of chartered organizations:

- Attend the State-mandated Risk Management every 3 years
- Help the organization to identify its goals and help the members and officers to clarify their areas or responsibility and related duties.
- To review and approve requests for organization events, activities, publicity, and t-shirts.
- Participate in all major organizational planning.
- Observe and evaluate student performance of assigned duties toward the accomplishment of goals and encourage self-discipline and responsibility within the group.
- Assure that accurate and consistent records are kept by organizational officers, approved methods of handling organization finances are followed and that reports requested by the University are filed properly.
- Responsible for sound financial dealings by the organization. Advisor needs to see that monies are available before commitments are made and that bills are paid on time. All funds will be maintained in the Business Office through Student Government.
- Be aware of the history, purpose and activities of the organization through attendance at organizational meetings and events and through frequent consultation with leaders.
- Participate from the beginning of the planning of all events, presentations or publications by the student organization and give approval prior to the event or publication. No publication or event sponsored by an organization is permissible without the prior approval of the advisor prior to moving forward in the approval process.
- Be acquainted with the group's eligibility policy and enforce this policy in the sponsored organization. The advisor should be sensitive to the academic performance of the members of the organization with a view toward protecting the less able from academic injury and pushing the academically gifted to excel.
- Be knowledgeable of the policies and rules of this ***Organization Manual***.

- Be available as a mentor for organization members in making decisions related to the organization.
- Provide continuity for the organization from year to year.

Student Organization Funds

Student Org Funds are funds that provide financial assistance to special events and programs hosted by chartered student organizations. Student Org Funds are allocated weekly by the Finance Board of the Student Government Association. To apply for funds:

- Submit Student Org Fund Request: Go to our website: forms.umhb.edu to be considered for approval, applications must be turned in two weeks prior to when funding is needed.
- The Finance Board will meet and review funding requests and allocate funding by the following SGA meeting.
- Approved amount will be transferred into the organization's account within a week after the Finance Board's decision.

Expense Reports

In order to ensure your organization's compliance with the Funding Guidelines, all organizations must account for how allocated funds were spent. Cash Advances are accounted for via the Expense Report. You must attach receipts of everything you purchased with the allocated funds. Receipts must be turned in to the Business Office within 2 weeks of purchase.

Funding Guidelines

- Any UMHB Chartered organization that is up to date on the Standard of Excellence may be eligible to receive funds.
- Each organization is allowed to ask up to \$360 for promotions, \$360 for events/meetings, \$300 for conferences/competitions, and \$180 for other. This money is not guaranteed, and is only a suggested limit. Funds are available on a first come first serve basis. Please review the Funding Application for the breakdown of each category. For questions on funding please contact the Assistant Director of Student Organizations.
- The primary intention of SGA Allocation money is to enrich the lives of UMHB students. The Finance Board should question each funding request by asking - are the students being challenged educationally, culturally, or spiritually.
- Once an organization is inactive for two consecutive years it then ceases to be a chartered organization, and therefore any funds left in their campus bank account will be transferred into the restricted SGA account.

Eligibility

Chartered organization are eligible for consideration of SGA Funding. Groups and organizations, which are excluded from SGA funding include, but are not limited to the following:

- Organizations that are not registered with the Student Organizations Office
- Organizations significantly restricting membership.
- Organizations who already receive funding from the University.

Campus Bank Accounts

All chartered student organizations are eligible to receive an on-campus bank account. Campus bank accounts work like any other private bank account, but there are no fees associated with holding the account or making transactions within the

account. All campus bank accounts are assigned a campus bank ID#, which is similar to an account number. Campus bank accounts are not considered University money, thus are not tax-exempt. However, students must still exercise caution when dealing with funds on campus. For organizations wanting to use campus bank account funds to purchase personal expenses for an organization's member or advisor, these will be approved case by case and with a limited amount of funds allocated for such expenses. This will be decided and approved by the Assistant Director of Student Organizations, Dean of Student Leadership and Engagement, and the VP of Student Life. To access the form for approval, go to forms.umhb.edu and select campus bank withdrawal.

Purchasing Procedures

It is important for students to know and understand the processes for completing account transactions and timeline involved in receiving a check or cash advance.
